HOW TO READ THIS REPORT

The Teacher Preparation Report Card contains four (4) domains: Candidate Profile, Employment, Satisfaction, and Provider Impact. Each domain is comprised of multiple metrics. To date, data has not been collected for the Satisfaction domain, so it will be unscored this year. A provider must have at least ten total completers and must generate a score on at least one half of the metrics in each domain in order to generate an overall performance category rating. For more information, please refer to the technical guide.

Providers are awarded a performance category based on their ability to successfully prepare Tennessee educators. This is calculated using the percentage of points earned across all metrics. Category 1 represents the lowest performance, and Category 4 represents the highest performance.

The 2017 Teacher Preparation Report Card will include data on three cohorts of completers (2013-14, 2014-15, and 2015-16). Performance on each metric is displayed in the format shown in the graphic on the right.

The score of **77.2** earned this EPP **1.7** of **3** possible points on this metric. This score increased **8.6** percentage points from 2016.

- 1 Scores in this range are below the scored range and earn an EPP no points.
- 2 This is the scored range. Scores in this range earn an EPP partial points proportionate to their score.
- 3 This range is above the target score. Values in this range earn an EPP maximum points.

Completer Placement Across Tennessee

The Johnson University Templar School of Education is located in Knoxville, Tennessee and provides training for traditional and nontraditional students seeking to become certified teachers in a variety of grade levels and subjects. Undergraduate students earn a double-major in Interdisciplinary Studies and Bible prior to completing a fifth year Master's Program which includes a year-long internship. Additional graduate programs include a Master of Arts Post-Baccalaureate for both Elementary and Secondary candidates seeking licensure as well as a Master of Arts in Educational Technology for licensed teachers. The Templar School of Education has an international focus contributing to a diverse student population.
