# **Tennessee Wesleyan College**

## 2015 Report Card on the Effectiveness of Education Preparation Providers (EPPs)

Tennessee Wesleyan College is a private, Christian, four-year institution of higher education and a member of the Tennessee Independent Colleges and Universities Association. The college is accredited by the Southern Association of Colleges and Schools Commission on Colleges.

Location: Athens, TN

Institution Type:

TICUA

Accreditation:

SACSCOC

Most Frequent Endorsement Issued:

Elementary

Provider: TN Wesleyan

#### 2013-2014 EPP Completer Demographics

# Race and Ethnicity

| Total Completers                   | 37  |
|------------------------------------|-----|
| Male                               | 24% |
| Female<br>In-State<br>Out-of-State | 76% |
| In-State                           | 97% |
| Out-of-State                       | 3%  |
| % of Completers Statewide          | 1%  |

Provider: TN Wesleyan

| Academic Credential         | Completers | Most Frequent Academic Major      |
|-----------------------------|------------|-----------------------------------|
| Bachelor's Degree & License | 37         | Elementary Education and Teaching |
| Master's Degree & License   | 0          |                                   |
| Non-degree Licensure        | 0          |                                   |

### **Initial License Type**

Teacher preparation program completers generally receive one of two types of initial license: Apprentice or Transitional. The Apprentice license is a full license, valid for five years, and renewable. The Transitional license is a provisional license issued at the request of a local education agency. Transitionally licensed teachers complete licensure requirements while employed. The Transitional license is issued for one year and may only be renewed twice. Transitional license candidates must hold a Bachelor's degree; however, the degree might have been conferred by an institution other than the educator preparation provider recommending the candidate for licensure. To receive either an Apprentice or Transitional license, an individual must hold a bachelor's degree from a regionally-accredited university and have demonstrated competency in the subject matter for which the candidate is seeking licensure.

| Initial License Type | Completers |
|----------------------|------------|
| Apprentice           | 37         |
| Transitional         | 0          |
| Total                | 37         |

## 2013-2014 EPP Completer Academic Information

Provider: TN Wesleyan

Below is a summary of academic performance of completers prior to and during preparation. Standardized test averages and percentages reported are calculated based on the relevant degree-level tests. Only degree-seeking students are included. *Note: Data is not provided for measures where there are less than 5 completers.* 

|                 | Averag  |    | Range<br>All Completers | Averag<br>Apprent |    | Averag<br>Transitio |   | State Ave | _    |

#### 2013-2014 EPP Completer Licensure Assessment Data

Provider: TN Wesleyan

Candidates for a Tennessee teaching license are required to demonstrate basic academic competencies. Candidates generally fulfill this requirement through standardized test scores. The most common standardized tests utilized are the ACT/SAT or the Core Academic Skills for Educators (Core) Reading, Writing, and Math assessments. In addition, Tennessee requires all teacher candidates seeking licensure take the Principles of Learning and Teaching (PLT) exam and specific content area exams. Note: The pass rate is not provided if there were less than 5 test takers.

| Core Academic Skills for Educators | <b>Qualifying Score</b> | <b>Average Score</b> | Pass Rate |
|------------------------------------|-------------------------|----------------------|-----------|
| Core Reading                       | 156                     | 177                  | 100%      |
| Core Writing                       | 162                     | 174                  | 100%      |
| Core Math                          | 150                     | 177                  | 100%      |

| Principles of Learning and Teaching                 | Number Taken | <b>Number Passed</b> | Pass Rate |
|---|--------------|----------------------|-----------|
| Total Program Completers                            | 33           | 31                   | 94%       |
| <ul> <li>Apprentice License Completers</li> </ul>   | 33           | 31                   | 94%       |
| <ul> <li>Transitional License Completers</li> </ul> |              |                      |           |

## **Retention Data (Cohorts 2010-2013)**

Placement and Retention data reflects the rates of completers for each cohort year listed. The data is based on the program completers in the Personnel Information Reporting System (PIRS). The years below refer to the number of years since the individuals have been eligible to teach. Therefore, the data helps to inform the rate at which an institution's graduates enter and remain in the teaching field in Tennessee public schools. Teaching three out of four years is included to account for the teachers who may leave the profession for a year but do return (e.g. for maternity leave or FMLA).

| Cohort Year | Number of<br>Completers | Teaching in<br>Year 1 | Teaching in Year 2 | Teaching in<br>Year 3 | Teaching 3 out of 4 Years |
|-------------|-------------------------|-----------------------|--------------------|-----------------------|---------------------------|
| 2010-2011   | 42                      | 52.4%                 | 45.2%              | 52.4%                 | 45.2%                     |
| 2011-2012   | 42                      | 30.9%                 | 28.6%              | 40.5%                 |                           |
| 2012-2013   | 44                      | 36.4%                 | 61.4%              |                       |                           |
| 2013-2014   | 37                      | 47.1%                 |                    |                       |                           |

## 2013-2014 EPP Completer Placement Information

Provider: TN Wesleyan

The following table and map show the number of completers placed by district in the 2014-2015 school year in Tennessee public schools.

| Districts         | <b>Completers Placed</b> |
|-------------------|--------------------------|
| Athens            | 2                        |
| Blount County     | 1                        |
| Clinton           | 1                        |
| Davidson County   | 1                        |
| Etowah            | 1                        |
| Hamblen County    | 1                        |
| Knox County       | 1                        |
| McMinn County     | 1                        |
| Meigs County      | 2                        |
| Monroe County     | 1                        |
| Polk County       | 1                        |
| Rhea County       | 1                        |
| Sweetwater        | 1                        |
| Washington County | 1                        |

#### **Tennessee Value Added Assessment System (TVAAS) Analysis**

TVAAS analysis compares the effectiveness of an EPP's beginning completers (individuals with 1-3 years of experience) in terms of contribution to student achievement growth to other groups of teachers in the state. Analysis is based on one year estimates of t-value of teacher effects in the 2013-2014 school year. *Note: Data is not provided for measures where there are less than 5 completers.* 

**TVAAS Statewide Teacher Comparison**: The average effectiveness of beginning teachers who completed a training program at this EPP as compared to the average effectiveness of teachers statewide in terms of contribution to student achievement growth.

**TVAAS EPP Comparison**: The average effectiveness of beginning teachers who completed a program at this EPP as compared to the mean of the average effectiveness for beginning teachers from all teacher EPPs in Tennessee in terms of contribution to student achievement growth.

### **Apprentice License Teachers**

| Subject                              | Statewide  | EPP        | Teachers  | <b>EPPs</b> |

## **Tennessee Value Added Assessment System (TVAAS) Analysis**

**Statewide Distribution:** The percentage of beginning teachers (1-3 years of experience) from this EPP who fall into either the lowest or highest effectiveness quintile. Quintiles are based upon the statewide distribution of the t-value of teacher effects in the 2013-2014 school year. *Note: Data is not provided for measures where there are less than 5 completers*.
