Building Tennessee’s Tomorrow: Anticipating the State’s Infrastructure Needs

July 2015 through June 2020

CONTENTS

INTRODUCTION	1
Why inventory public infrastructure needs?	1
What infrastructure is included in the inventory?.....	2
How is the inventory accomplished?.....	4
How is the inventory used?	5
What improvements have been made to the inventory?	6
What else needs to be done?	7
INFRASTRUCTURE NEEDS OVERVIEW	9
Public infrastructure needed for Education and Health, Safety, and welfare accounts for more than 80% of the increase in this year’s inventory.	11
Transportation continues to dominate the inventory, though most of the increase in that category is for needs classified as other utilities.	11
Enrollment growth and the rising cost of construction materials appear to be driving the increase in Education needs.	13
The need for clean water and housing account for most of the increase in the Health, Safety, and Welfare category.	16
The cost of infrastructure continues to increase for projects that support recreation and cultural assets, public buildings, and efforts to develop the economy.	16
Nearly two-thirds of the estimated cost of the needed improvements reported in this year’s inventory is not funded.	17
COUNTY SUMMARIES	21
APPENDIXES	119
