

Building Tennessee's Tomorrow: Anticipating the State's Infrastructure Needs

July 2002 through June 2007

Table of Contents

EXECUTIVE SUMMARY	xi
OVERVIEW	1
Why inventory public infrastructure needs?	2
Why infrastructure is included in the inventory	2
What have we learned about public infrastructure needs?	3
What else needs to be done?	5
INTRODUCTION: BASICS OF THE INFRASTRUCTURE NEEDS INVENTORY	7
REPORTED INFRASTRUCTURE NEEDS STATEWIDE	9
Total Needs Grow More Than Five Percent—Transportation and Education Continue to Top the List of Categories with Increased Need	9
Transportation, Education, and Water and Wastewater Continue to Dominate Statewide Needs	10
City Ownership Dominates Four of the Six Major categories of Need	12
Stage of Development Varies with Type of Project	12
Projects Included in Capital Improvement Programs are Far More Likely to be Under Construction	15
State or Federal Mandates Affect Nearly Nine Percent of All Projects and Account for Forty Percent of Elementary and Secondary School Costs	15
REPORTED INFRASTRUCTURE NEEDS BY COUNTY	19
Top Ten, Bottom Ten Patterns Indicate that Population and Population Gain Play a Major Role in Total Reported Infrastructure Needs in Dollar Terms	20
Growth Rates Receive Considerable Attention, But Seem to Have Little to Do With Infrastructure Needs	21
Population Density Does Not Mean Lower Infrastructure Needs Per Capita Based on the Current Inventory of Needs	23
The Relationship Between Population Data and Total Reported Needs is Stronger This Year, But Still Cannot Explain All the Differences	25
When Population Factors Do Not Explain the Relatively Low Costs Reported by Some Counties, Local Tax Base Factors May	25

REPORTED PUBLIC SCHOOL CONDITIONS AND NEEDS	27
Most of Tennessee's Public Schools are in Good or Excellent Condition–Projected	
Upgrade Needs Reduced Twenty-nine Percent	28
EIA Costs Continue to Decline, But Remain the Most Significant Mandate	
for Tennessee Schools	29
Average Cost per Student to Meet Infrastructure Needs Varies Widely	31
APPENDICES	33
Appendix A: Enabling Legislation	35
Appendix B: Project History	45
Appendix C: Inventory Forms	47
Appendix D: Reported Public Infrastructure Needs by County	55
Appendix E: Public School System Infrastructure Needs by School System	137
Appendix F: TACIR Methodology for Estimated Costs of New Schools Attributable	
to the Education Improvement Act	173
GLOSSARY OF TERMS	175
TENNESSEE DEVELOPMENT DISTRICT MAP	181
