Evaluation Process

Phase I Evaluation

The Department will evaluate the **current prequalification statements** on file for those submitting letters of interest, and choose several firms per region, who would make viable candidates from which to invite proposals. Please note: New or updated prequalification forms must be received before the deadline for letters of interest. The criteria that will be considered in phase I are:

- i. Work experience in the required disciplines: Experience Categories (annual average revenue for last 5 years in relevant Profile Codes)
- ii. Staff capabilities of prime consultant: Employees by Disciplines (Local office staff in relevant Function Codes)
- iii. Qualification Type: UNLIMITED

Phase II Evaluation

For firms submitting proposals (Part II of the DT-0330 form) during Phase II evaluation, the criteria that will be considered are:

Criteria and Relative Weights		
i.	Team capability and work experience (Section C, D, E, F, & G of Part II of the DT-0330 form).	45 %
ii.	Staff qualification and availability (Section H: Staffing/Certification Matrix).	35 %
iii.	Technical approach (as explained in Section H of Part II of the DT-0330 form).	10 %
iv.	Workload capacity, including amount of work under contract with the Construction Division.	5 %
v.	Past performance evaluations on Construction Division Projects, if available.	5 %

Following Phase II evaluation, the three* firms deemed most qualified for each region by the Consultant Selection Committee (CSC) will be recommended to the Commissioner in alphabetical order for Phase III evaluation.

* In instances where only two qualified consultants respond with proposals, the Department may proceed with evaluation and selection if it is determined that the solicitation did not contain conditions or requirements that arbitrarily limited competition.

Phase III Evaluation

From the list of firms determined by the CSC to be the most highly qualified firms to perform the solicited services, the Commissioner will rank the firms in order of preference for each region.

Evaluation proceedings will be conducted within the established guidelines regarding equal employment opportunity and nondiscriminatory action based upon the grounds of race, color, religion, national origin, sex, creed, age, and disability. Interested certified Disadvantaged Business Enterprise (DBE) firms as well as other minority- and/or women-owned firms are encouraged to respond to all advertisements by TDOT. For more information on DBE certification, please contact the Civil Rights Office Small Business Development Program at (615) 741-3681. Details and instructions for DBE certification can be found at the following website: <http://www.tdot.state.tn.us/civil-rights/smallbusiness/>.
