

Pre-Bid Meeting Minutes

Letting Date: December 2, 2016

ABC project

Completion Date: August 2017

Reminders:

- Must be Prequalified, you have a 90 day grace period
- Must submit Bid Authorization

Addendum sent on Friday, November 18, 2016:

- Add barrier rail

Utility Impacts:

AT&T

- AT&T will take the asbestos pipes
- AT&T can pull their line 3 ft. above the decking and suspend the line until work begins on the sidewalk.
- AT&T will abate the asbestos with a subcontractor. A box will be built for the line to enclose it while construction is underway.
- AT&T will have to phase their work before the Contractor can begin.

MTEMC

- MTEMC will de-energize their lines and temporarily relocate during construction.
- MTEMC will need a lead time of 1 week. Once the Contractor is known, MTEMC will coordinate the work prior.

Project Details:

- 36 panels per phase, 3 span bridge
- Once old deck is removed, the seismic dowels will have to be placed
- Adding abutment blocks and scheming the beams
- 3 precast holes per block

City of Smyrna Details

- Smyrna Detail: Custom Proposed Parapet Rail
- Inlayed Text Details: "Smyrna Depot District" 2 ft. 6 inch seal to emboss into the concrete: to be purchased by the City of Smyrna
- Is the lettering 1 inch? Yes
- Will the whole thing be embossed? Yes

Additional Questions:

- Bell and Associates - Can this be completed in 2 weekends or will more work be going on other than 2 weekends? The overhang will have to in place, so the work cannot be completed in two weekends.
- How long can the electric line be de-energized? Utilities will coordinate to determine the answer to this question.
- Comment: Comcast also has a line in the way.
- Is there any way to temporarily support the AT&T lines? AT&T will work with the Contractor to temporarily move lines out of the way.
- What is the timeframe for a weekend closure? 8:00 PM Friday – 6:00 AM Monday
- What is our estimate in time for phase 1 traffic control to be in place? Should take until midnight the first night. Striping may take a longer time.
- Any special events scheduled in Smyrna? Not at that time. But the normal special events from TDOT will still apply.
- Have you specified a deflection? See sheets 123-27 and 28
