INSTRUCTIONAL BULLETIN No. 03-10

Regarding List of Current Revision Dates
For Metric Standard Roadway Drawings

Attached hereto is a copy of the standard list with revised dates. The new, revised, or voided drawings are **effective** for the **October 24, 2003 letting**. The design managers responsible for the project may use any of these drawings in the July 25, 2003 or September 5, 2003 lettings. If they are used prior to the October 24, 2003 letting, they must be indicated to be printed with the plans. They shall be identified on lower left hand corner of the index sheet - "**To be printed with the plans.**"

Current instructional bulletin nos. IB02-02, IB02-8, and IB02-17 are to continue to be printed with the plans until the October 24, 2003 letting when the new standards take effect. At that time, instructional bulletin nos. IB01-27, IB02-02, IB02-08, and IB02-17 will be voided.

The new drawings are underlined in their entirety and the revision dates of the revised drawings are underlined. If old drawing name has been changed, it will be underlined.

The following are revised drawings:

RDM-L-2, RDM-L-4, RDM-S-11, RDM-S-11A, RDM-SA-1, RDM-TS-1,
