**INSTRUCTIONAL BULLETIN NO. 09-07**

**Regarding Total Lane Mile Information for Resurfacing Projects**

**Effective for the October 30, 2009 letting**, add section 4-400.01, Total Lane Mile pavement quantity to the Roadway Design Guidelines.

**4-400.01 Total Lane Miles Paved for Resurfacing Projects**

The title sheet of **all resurfacing projects** shall include the length of the proposed lane miles to be paved. The length will be located under Project Length information as "**Total Lane Miles Resurfaced**" and be shown to the nearest tenth of a mile.

The total lane mile length should include all traffic lanes and continuous turning lanes paved. Side roads, paved shoulders, private drives, field entrances, and business entrances, ramps, and turn lanes located at intersections less than 1000 ft. in length do not need to be included in the length.
