Rev 2_15_2017

Viewing Test Results In the Maintain Sample Info Window

You can open the sample record in SiteManager by navigating (see red rectangle below for path)to this window (red circle below):

Once the window is open follow these steps:

- 1. Click the "Open" icon
- 2. Select the "Sample ID" column header.
- 3. Type the sample ID number into the "Find" field
- 4. Select the "OK" button

The sample will open. If you want to see test results:

- 1. click the "Tests" tab
- 2. click the test you want to see results for
- 3. click services
- 4. click Enter/View test data

ile Edit Services a lep			
III 🔡 🛛	Remarks	Ctrl+Alt+R	
Mainta 🖬	Process Status		
Basic !	Authorize	Ctrl+Shift+Z	Contract Other 1 Tests
	Unauthorize	Ctrl+Shift+U	
Sample	Revise	Ctrl+Shift+I	
Te	Void Sample	Ctrl+Alt+V	Test Description
T104	Lab Report	Ctrl+Shift+L	s of Aggr (Sodium Sulfate or Magnesium Sulf)
T85	Testers	Ctrl+Shift+T	avity and Absorption of Coarse Aggregates 2
T96 4	Enter/View Test Data	Ctrl+Shift+V	ad of Small Coarse Aggr by Abrasion/Impact
	Related Sample Tests	Ctrl+Shift+D	
	Copy Sample	Ctrl+Shift+C	
	Disposition Remarks	Ctrl+Shift+O	

The test results will open in a new window. There is a print button if you want to print it out. Close the window and it will return you to the sample record.
