TRAFFIC OPERATIONS MEMORANDUM NO. 2101

TDOT Traffic Signals and Roadway Lighting Construction Reviews and Requests

Effective immediately, the following procedures shall be followed regarding TDOT traffic signals and roadway lighting construction reviews and requests. These construction reviews and requests include shop drawing reviews of equipment and materials being supplied for a construction project and construction engineering inspection (CEI) requests.

1. Submit all TDOT traffic signals and roadway lighting construction reviews and requests via email to TDOT.TrafficOps.Construction-Reviews@tn.gov. Only PDF format is acceptable for these submissions.
2. TDOT traffic signals and roadway lighting construction reviews and requests will no longer be submitted directly to local agencies. This will eliminate duplication efforts with local agencies as the Traffic Engineering office will provide these local agency traffic signals and roadway lighting coordination efforts.
