SUBJECT: Rule Revision - Public Higher Education Fee Discounts for Children of Licensed Public School Teachers and State Employees - Chapter 1540-1-5

ACTION RECOMMENDED: Approval

BACKGROUND INFORMATION: In 1990, the General Assembly passed legislation to provide a twenty-five percent (25%) tuition discount at any public postsecondary institution to the children of public school teachers. It was recently determined, in conjunction with the Department of Personnel, that the rules currently exclude another class of full-time employees.

Seasonal full-time appointments are scheduled to work 1600 hours or more per year. The Department of Personnel views these employees as full time and are accorded benefits including longevity and leave accrual eligibility as regular full-time state employees. There are less than 100 positions statewide working a 10 ½ month schedule, so this will not have a significant impact.

By approving this agenda item, you are adopting two identical sets of rules; public necessity rules that will become effective immediately upon filing with the Secretary of State, and proposed rules that will follow the regular rulemaking process.
