To Whom It May Concern:

It is our firm belief, along with the residents of Binghampton, that the educational needs of the community continue to go unsupported. While we have heard loudly and clearly that the community of Binghampton desires a high-quality school that serves the needs of all students, we believe the support of the local education agency (Memphis-Shelby County Schools) is a critical element of this. Furthermore, with the recent departure of our proposed school leader, we recognize that our capacity as a sponsor and school board to identify and recruit a replacement school leader cannot be retroactively considered during the appeal process. With that said, we respectfully accept the Tennessee Public Charter School Commission's affirmation of the MSCS Board of Education decision to deny the amended application for Binghampton Community School.

Sincerely,
