PARTY AND POINT ONLY APPLICATIONS

- Applicants may create or join a party (max. 5), apply alone, or submit a point only application.
- A party must be established by an applicant that will act as the party leader.
- A party number will be assigned to the party leader once their application has been submitted. The party number can be found on the party leader's receipt or on their GoOutdoorsTennessee.com profile.
- The leader shares the party number with the person(s) wishing to join the party. The party members will select "join a party" on their application and put the leader's party number onto their application. The party number is what links applications together.
- Point only applications can only be submitted individually (no parties). Applicants will be awarded one priority point, after the drawing is finalized, that will be added to their current priority points for the specific quota hunt they submitted a point only application for.
- **Applicants cannot submit a point only application and an application to enter the drawing in the same year.**

DEADLINE: Sept. 25

DRAWING INFORMATION

TWRA's priority drawing program gives one priority point to applicants each year they apply and are not successfully drawn for the Sandhill Crane Quota Hunt. Applicants who were successful last year will start over with a priority of zero. If applicants in a party have varying priority points, the points will be averaged. If your party is unsuccessful, each party member's individual priority will increase by one point.

All applications are assigned a unique random number by the drawing program. Applications are automatically sorted by priority, highest to lowest. The lowest random number in the highest priority group is selected first for review, then each subsequent number in that priority group is selected before the program moves to the next priority group. When an application is selected for review, the hunt choice is compared to the remaining quota for that hunt; if there is quota available, the application is awarded the hunt. If there is no quota remaining when an application is reviewed, then the application is unsuccessful. If one member of a party is drawn for a hunt, then the entire party is drawn.
