

Tennessee Pledge

Revised: April 2021

Tennessee Pledge

The Tennessee Pledge was developed by the Tennessee Economic Recovery Group to provide information for businesses to better navigate early COVID-19 challenges. With this April 2021 update, the Pledge should no longer be considered an independent source of information or recommendations, recognizing that guidance and information is available and should be sought from traditional public health agencies. No statewide or executive order restricts business or social gatherings with respect to COVID-19.

COVID-19 Vaccination

COVID-19 vaccines are available in all counties in Tennessee. Getting a COVID-19 vaccine is the best and safest way to develop immunity to COVID-19. Information regarding how to get a vaccine can be found available at <https://covid19.tn.gov/>.
